

2019 MILL CREEK TOWNE DIVE TEAM COACHES

Cassie is 18 years old and will be a graduate of Clarksburg High School this year. In school, she was a member of the APPS (Advanced Placement Power Scholars) Program, the National Honor Society, and a captain of her high school swim and dive team. She has been diving for six years on the national team at Montgomery Dive Club and placed 3rd in the girl's competition in the 2018 MPSSAA State Swim & Dive Championships. She is the team captain for MDC Germantown. Cassie will be attending and diving in the Fall for the University of California at Berkeley with a major in business.

Blake is a rising senior at Magruder High School where she is involved with field hockey, drama and softball. This will be her third year as a lifeguard at MCT. She dove for the team for three years and for Magruder's dive team for one year. She filled in as a coach last year for one of our meets and is a dedicated and consistent presence at the pool. In her spare time, she babysits and takes child development courses in high school. Blake says she is "excited for the season and to make memories with the team."
